

MAGGIE HURCHALLA TRIBUTE

On May 8, 2024, Maggie Hurchalla was inducted posthumously into the Hall of Fame at the Council for Environmental Studies in Jensen Beach, sponsored by the Guardians of Martin County. Martin County Commissioner Sarah Heard (third from left), and Jackie Thurlow-Lippisch (third from right) shared interesting stories of their interactions with the noted environmentalist. Maggie was an amazing activist for the natural environment and Hutchinson Island Preservation Initiative is proud to have known and worked with her on various projects.
